Memorial event “Angels of Ukraine”

We honor the memory of Ukranian children who died because of Russian aggression.

WAR

started by Russia against Ukraine is a tragedy and a calamity that kills children, kills the future, and kills the Ukrainian nation.

The purpose of the event:

to draw the constant attention of the public of European countries to the war in Ukraine,

influence public opinion and thus contribute to the cessation of violence.

Memorial event “Angels of Ukraine”

This is a touching installation that reminds us of innocently lost little Ukrainian children. Unfortunately, their number is constantly increasing.

Banska Bystrytsia

Kosice
Slovakia

243 Angels-children

1.06.2022

The first event took place in Kosice on Children`s Day and lasted a week.
Ukrainian women who found refuge with their children in Slovakia knitted 243 angels from yellow and blue threads and hung them in the city center.

Since then, the Angels began to travel through the cities of different countries.

Support the Memorial Marathon and hold the Action “Angels of Ukraine” in your city!

Our goal is to draw attention, to spread the word, to be heard, and to constantly remind people that the war continues and people, including children, are being killed every day.

Yellow and blue angels - represent murdered children who will never grow up, they will never have children of their own, and never will live their lives and make this word a better place.

To hold the “Angels of Ukraine” memorial event in your city, you need:

- ✓ A strong desire
- ✓ A little bit of time

We mail or transmit the Angels in the way that works.

The number or Angels resembles the number of dead children at the moment of the Event.

We also provide an online form with text that accompanies the Promotion.

We are an informal organization Women of Ukraine
